And our NRN-535 torrent pdf are just the one.

NEW QUESTION: 1

Which of the below mentioned options is not a best practice to securely manage the AWS access credentials?

- A. Enable MFA for privileged users
- B. Create strong access key and secret access key and attach to the root account
- C. Keep rotating your secure access credentials at regular intervals
- D. Create individual IAM users

Answer: B

Explanation:

Explanation

It is a recommended approach to avoid using the access and secret access keys of the root account. Thus, do not download or delete it. Instead make the IAM user as powerful as the root account and use its credentials.

The user cannot generate their own access and secret access keys as they are always generated by AWS.

NEW QUESTION: 2

You create an app with multiple screens.

Test users report that the size and type of gallery displayed on each screen are different. You must improve the consistency for the app screens.

You need to create a reusable gallery that displays information based on the current record. Which three actions should you perform in sequence? To answer, move the appropriate actions

from the list of actions to the answer area and arrange them in the correct order.

NOTE: More than one order of answer choices is correct. You will receive credit for any of the correct orders you select.

Answer:

Explanation:

Explanation:

Step 1: Add a gallery control

Add a gallery to a blank screen

1. On the Insert tab, select Gallery, and then select Vertical.

2. On the Properties tab of the right-hand pane, open the Items list, and then select your Gallery

Step 2: Add a screen Add a gallery in a screen

1. On the Home tab, select New screen > List screen.

A screen that contains a Gallery control and other controls, such as a search bar, appears.

Step 3: Add an input property

Input property is how a component receives data to be used in the component.

Incorrect Answers:

Output property is used to emit data or component state. For example, the Selected property on a Gallery control is an output property.
