And you will become what you want to be with the help of our TE350b-002 learning questions, All users share one-year after-sale service warranty, users can share one-year free update.

Most of our specialized educational staff is required to have more **TE350b-002 Real Torrent** than 8 years' relating education industry experience, One-year free updates downloading, can I see a couple of questions?

I will list a few of them for your reference, So after purchase, if you have any doubts about the TE350b-002 learning guide you can contact us, As we have become the leader in this career and our experts have studying the TE350b-002 exam braindumps for many years and know every detail about this subject.

To add up your interests and simplify some difficult points, our experts try their best to simplify our TE350b-002 study material and help you understand the learning guide better.

### **NEW QUESTION: 1**

Given the code fragment:

```
public class FileThread implements Runnable {
    String fName;
    public FileThread(String fName) { this.fName = fName; }
    public void run () System.out.println(fName);}
    public static void main (String[] args) throws IOException, InterruptedException {
        ExecutorService executor = Executors.newCachedThreadPool();
        Stream<Path> listOfFiles = Files.walk(Paths.get("Java Projects"));
        listOfFiles.forEach(line -> {
            executor.execute(new FileThread(line.getFileName().toString())); //
            line n1
        });
        executor.shutdown();
        executor.awaitTermination(5, TimeUnit.DAYS);//
        line n2
    }
}
```

The Java Projects directory exists and contains a list of files.
