NEW QUESTION: 3

When a company puts a security policy in place, what is the effect on the company's business?

- A. Minimizing risk
- B. Minimizing liability
- C. Minimizing total cost of ownership
- D. Maximizing compliance

Answer: A

Explanation:

The first step in protecting a business network is creating a security policy. A security policy is a formal, published document that defines roles, responsibilities, acceptable use, and key security practices for a company. It is a required component of a complete security framework, and it should be used to guide investment in security defenses.
