NEW QUESTION: 1

Your team is developing a Quoting application for BigCo. The team is developing a Policy Administration application. The Quoting application is built on the Policy Administration application. The Policy Administration application requires enhancements to support other areas of the business. These enhancement take place during the same time frame as the Quoting application development.

Select the two practices for your team to follow to minimize potential development conflicts. (Choose Two.)

- A. Switch application when modifying rules.
- B. Perform branch reviews when merging branches.
- C. Periodically rebase the policy Administrator application
- D. Share rule sets between both application

Answer: A,B

NEW QUESTION: 2

You are in the toughest phase of the portfolio life cycle due to the governmental issues in your country.

Yesterday night, one of the key team members quit and left the country. You have included this in the portfolio risk register while planning the portfolio because you knew that this could happen and that this key resource has family in Canada and can leave if the situation gets bad. Following this, you activated the response plan, which is to initiate a new component that will cater for reaching the deliverable in another way.

However, an immediate approval is needed for initiation of this component or the end-of-month major deliverable will be delayed. To whom you should present the proposal for urgent approval?

- A. You can take such decisions
- B. Portfolio Governance Board
- C. Portfolio Sponsor
- D. Executive Management

Answer: C

NEW QUESTION: 3
